The Bishesta campaign: Lead facilitator Terms of Reference

Background

WaterAid and the London School of Hygiene and Tropical Medicine (LSHTM) did research into the barriers that people with disabilities face when they are menstruating in Kavre. The research showed there is not enough information or support on menstrual hygiene management for people with intellectual impairments.

The Bishesta campaign aims to address this. The campaign consists of three training modules and household monitoring visits. The training modules will be delivered to groups or in the homes of people who are unable to attend the group sessions. Every household will be visited to monitor their progress in adopting the key behaviours.

Main purpose of the role

To manage and deliver the Bishesta campaign according to plan and quality standards. This includes leading six group training events with a four support facilitators, providing ongoing supervision and coaching to the support facilitators; providing household training for people unable to attend the group sessions, conducting process monitoring across all participants, communicating regularly with the campaign manager and suggesting ways to improve the training package.

Key responsibilities

1. Pre-test the campaign materials by:
   - Identifying 3 carers and 3 young women with Down Syndrome to test the materials with
   - Translating from English to [local language] and vice versa
   - Support the facilitation of small group work
   - Manage logistics, including locating a venue and arranging food, drinks and stationery
