

# Affordable but overlooked: the healthcare vitals that can save millions of lives

## You are invited

Join health ministers, donors and global health experts at this World Health Assembly side-event to find out how clean water, sanitation and hygiene in healthcare facilities can improve primary healthcare services, reduce antimicrobial resistance and promote infection prevention and control to protect global health.

Venue:

**Restaurant Vieux Bois,  
Geneva, Switzerland**

Time:

**Thursday, 25 May 2023,  
17:30–19:00 (CEST)**

For further details and to RSVP, please get in touch with WaterAid's Health Advocacy Advisor Annie at [AnnieMsosa@wateraid.org](mailto:AnnieMsosa@wateraid.org)

**Or join the livestream.**
